Both cities would take pride in this show street, and it would be maintained at the high-est standard of beauty and cleanlines. Let the project not sleep. The chamber of commerce, supported by Oregon street property owners, may as well initiate the business right now. At best it will take time to work it out, and we cannot start too early. The time

destiny. There is reason to believe that the present government would look with favor upon the monamental free bridge project.

The American government will interpose no obstacle. Certain formalities will have to be gone through with, but there will be no serious difficulty in obtaining the permission of our government whenever the plan takes tangible shape and there seems to be a prespect of international account.

The legical site for the monumental free bridge is at the foot of South Gregon street. This street will now be yoursed, more the squarter's rights that blocked the atreet all have an international council or court in some form. The adherence of the Pano's beatiness district.
